

Forest Hill Studios Questionnaire

These are some great points to go over before you start your project.

Who are you? (Tell us a little about who you are and what makes you different. Share your passion, it is our fuel. We hear from all types; from young entrepreneurs, family businesses, government agencies, and big business, so don't be shy)

What can we do for you? (What kind of project is this? You have an idea in your head of what you want; branding, website, ecommerce, video, etc. Let it all out)

What do you want to accomplish with our work? (Do you want to sell products, get more facebook friends, create an online presence, more brand recognition)

Company Information (all the boring details...official name, abbreviations, slogan, website, facebook. Attach any other media in email, all logos, color details)

Feel (purposely ambiguous, this is where you let us in on the vibe you want to send out: elegant, fun, wild, clean, smooth, excitement, trust, etc. Attaching any info or media exemplifying that vibe is preferable; after all we are visual learners)
